Fantastic Imago

Short Information About Fantastic Imago

About US

Our company, Fantastic Imago, has worked with many different Ukrainian, European, USA etc. Companies like (CC-Interactive, Institute Hyalual, BASF, Tramontina, Pyrex etc.). We are working more than three years on CG market and have capability to do full production for video advertising.

We attract more experts from others fields of industries as like advertising, design, programming, and it depend on what project we are working and what kind of conditions we have in this project.

What are we doing and know:
